

M11 - USB Tabletop Omnidirectional Microphone & Speakerphone

The M11 is a drive-free, USB plug-and-play, 360-degree omnidirectional microphone and speakerphone. With an ultra-long-distance sound pickup of 6-meters in diameter, it allows everyone in the meeting to be heard at ease from all directions. Equipped with full-frequency high-fidelity speakers, professional acoustic design, and intelligent DSP audio technology, the sound quality truly presents the call like face-to-face communication, effectively reducing the interference of external environmental noise, and gives people a clear and pleasant call effect. The M11 is the perfect conference solution; small in size, easy to use, convenient to connect, and universally compatible with mainstream operating systems and online conferencing platforms.

Key Features:

- ✔ Hands-free conference phone design that integrates sound pickup and playback.
- ✔ USB plug-and-play without the need to install drivers, simply connect the 3m USB cable right to your device.
- ✔ Built-in pickup microphone with an 6-meter diameter pickup distance and 360-degree omni-directional radio for high-definition sound quality from all directions.
- ✔ Full-range, high-fidelity and high-power speakers, the sound quality is clear and pleasant.
- ✔ 256ms echo cancellation algorithm, experienced engineers accumulated experience in past generations of products, 3A algorithm carefully adjusted (AGC, AEC, ANS)
- ✔ Onboard high-efficiency intelligent DSP echo processing chip, unique high-definition noise reduction technology, can eliminate and filter out external noise/current sound.
- ✔ The drive-free design can be used when connected, no complicated wiring installation, and conference deployment can be completed without the guidance of professional IT personnel
- ✔ The onboard mute button can mute the microphone communication needs during the meeting (red/mute, green/work, volume +/- to adjust the volume)
- ✔ Universally compatible with dual-use market mainstream video conferencing software (Zoom, Skype, Teams, etc.)
- ✔ Supports Windows7/8/10, Android5.1/6.0/7.1/9.0, ios and other operating systems

Product Parameter	
Product Name	USB Tabletop Omnidirectional Microphone & Speakerphone
Button	Volume up +, volume down -, mute
Status Light	Green microphone working, red microphone muted
Microphone	Single MIC
	360-degree omnidirectional radio
Directivity	Omnidirectional
Sensitivity	-35db
Sampling Rate	16kb-48kb
Pickup Distance	6m pickup diameter
Echo Cancellation	ANS noise suppression
	AGC automatic gain
	AEC echo cancellation
Speaker	Full-range, high-fidelity, high-power speakers
	2W
USB Interface	USB transmission, plug-and-play without drive
	The USB cable is 3 meters long, (5V, 500mA)
	USB HUB2.0 interface x2, can be connected to an external mouse/keyboard/U disk
Size (L x W x H)	8.01 x 7.04 x 1.57 in / 203.5 x 179 x 40 mm
Weight	0.68 lbs / 310g
System Support	Support USB video UVC protocol
	Windows XP/ 7/8/10, IOS, Linux, etc.
	Android 5.1/6.0/7.1/8.0/9.1 etc.
Compatible Software	Zoom, Skype, Vidyo, Bluejeans, Microsoft teams, etc.
Packing List	1 x Omnidirectional microphone & speakerphone , 1x USB cable, 1x User Manual
Scenes To Be Used	Video conference, remote recruitment, business negotiation, medical consultation, etc.
